Your music + our passion

Topaz

It's rediscover music time...

Open your ears to how your music can really sound with Topaz – an all new concept in high performance audio entertainment from the UK's favourite hi-fi brand.

Topaz is a really neat range of great value hi-fi separates designed from the ground-up in the UK and each is guaranteed to take your musical experience to the next level. Whatever music you're into and however you like to listen to it, there's a Topaz model waiting to make the most of it.

With a range of powerful iPod/MP3 supporting amplifiers, an integrated receiver and feature-brimming CD players, there's never been a better time to leave the world of one-box entertainment systems behind and find out how your music can really sound.

And real hi-fi sound doesn't have to mean big ugly boxes either. Topaz's sleek all-metal design just oozes class and is guaranteed to look the part in your home.

So what are you waiting for? However you like your music, the amazing value Topaz is just waiting to unleash it!

The amazing value iD10 dock for iPod – the perfect addition to your Topaz receiver or amp.

SR10 – powerful FM/AM stereo receiver

The fully-featured SR10 combines a punchy integrated stereo amplifier with an FM/AM RDS tuner. A completely discrete high power amplifier mated to a custom design low flux oversize toroidal transformer instantly reveal its audiophile pedigree – as will its sound – the first time you hear it. And adding to the already weighty specification is a front-mounted connection for your MP3 player or iPod plus a full remote for the perfect armchair experience.

- 85 Watts per channel
- 4 x rear mounted source inputs
- FM/AM RDS tuner with 30 presets
- 1 x front input for iPod or MP3
- Integrated phono stage for turntable connection
- Twin speaker outputs
- Backlit dimmable display
- Full remote control

AM10 – premium integrated amplifier

If you're looking for an amp that never gets ruffled, the AM10 is what your ears have been waiting for. And with a genuine 35 watts per channel it gives some much more expensive competitors a serious run for their money! From its sleek brushed aluminium exterior it's hard to imagine the heavy-duty internal design that's just waiting to bring your music alive. With a fully discrete power amplifier and oversize toroidal transformer, the AM10 is a real wolf in sheep's clothes! Five inputs mean you can connect all your favourite devices – CD, TV, DVD, iPod etc. and there's even an in-built phono stage for instant turntable connection. With all these inputs it's good to know where you are and the AM10's neat display gives full source and volume feedback. Finally, a supplied remote means you can make the very most of your music wherever you choose to unwind.

- 35 Watts per channel
- 5 x rear mounted source inputs
- 1 x front MP3 line input
- Integrated phono stage for turntable connection
- Full remote control

CD10 – premium CD player

With a highly regarded premium Wolfson Digital to Analogue Converter (DAC), a superior servo system and precision transport, the CD10 will harness every drop of information from your favourite discs and deliver uncompromised signals to your matching Topaz amplifier. The CD10 is simply poles apart from its rivals thanks to genuine hi-fi circuitry to truly enhance your music experience. Key to these is double-sided surface-mount technology which has enabled Cambridge Audio's engineers to employ much shorter signal paths for improved precision and clarity.

- Wolfson 8761 DAC (Digital to Analogue Converter)
- CD, MP3 and WMA playback from suitably encoded discs
- Analogue and S/PDIF digital outputs
- Backlit dimmable display
- Full remote control

Specifications

SR10 Integrated FM/AM receiver

Power output 85 watts (into 8 Ohms)

Frequency response
(-1dB) 5Hz - 50kHz

Max. power consumption 500W

Radio function

Aerial inputs FM 75 ohms, Coaxial.
AM 300 ohms wire loop/single wire.

Europe AM (522-1629kHz)
FM (87.5-108MHz)

US AM (530-1710kHz)
FM (87.5-108MHz)

Dimensions 430 x 110 x 340mm
(w x h x d) (16.9 x 4.3 x 13.4")

Weight 8.1kg (17.8lbs)

AM10 Integrated Amplifier

Power output 35 watts (into 8 Ohms)

S/N ratio (ref 1W) >82dB
(unweighted)

Max. power consumption 280W

Dimensions 430 x 80 x 340mm
(w x h x d) (16.9 x 3.1 x 13.4")

Weight 6.2kg (14.2lbs)

CD10 CD Player

DAC D/A Converter Wolfson
Microelectronics WM8761

Filter 2-pole Butterworth filter

Supported disc formats
CD-DA/CD-R/CD-RW/CD-ROM
MP3/MP3 Pro/WMA

Maximum power consumption 15W

Dimensions 430 x 80 x 310mm
(w x h x d) (16.9 x 3.1 x 12.2")

Weight 4.3kg (9.5lbs)

The perfect partner is waiting...

Without careful speaker selection, even the best hi-fi will never give its full potential. But with Topaz, the choice is easy! Cambridge Audio's Sirocco range was developed by the same team as Topaz and used as reference speakers throughout the development process. Offering incredible refinement and smoothness of delivery, there's no better partner!

Sirocco S30

It's all about the right connection!

Don't let the last connection fail your system! Topaz products feature precisely designed internal circuitry so it's important that this isn't compromised by poor interconnects or speaker cable. Fortunately your retailer can help guide you to the right cost-effective cable from Cambridge Audio's new range.
